

**A Report of Educational Visit to National Science Centre, Delhi;
of B.Sc (Prog.) Life Science 4th Semester Students of Deshbandhu College,
February 2020**

The Department of Zoology, Deshbandhu College organized an educational visit to the National Science Centre, Pragati Maidan, Delhi, for B.Sc (Prog.) Life Science 4th Semester students on 12th February 2020, under supervision of Dr.Gouri and Dr.Kiran Bala. A total of 52 students participated in the tour which was organized to fulfill academic requirement of Practical syllabus of Genetics and Evolutionary Biology core paper. The visit started with the students attending Holoshow of 15 minutes duration, explaining all important eleven systems of human body from integumentary to reproductive in an interesting 3D holographic theater. The students then took a round in the Human Biology Gallery portraying details of human anatomy, physiology and biochemistry in an innovative way. The next was the Pre-Historic Life Gallery which had recreation of the world millions of years ago. Students got an insight into the existence of prehistoric flora and fauna like Trilobites, Giant Scorpion, early birds, Dinosaurs and Neanderthal man. This gallery was of outmost academic importance to the students as it covered many parts of the Evolutionary Biology syllabus including formation of earth and atmosphere, origin of life forms, mass extinctions, details of fossil formation, human evolution and so on. At the end, the students visited the Fun Science Gallery which caught their attention instantly. It was full of Hand on Exhibits explaining the fundamentals of science. The students participated in different quizzes, played games based on science and loved the mirror illusions. The visit ended with an informal discussion among the students and teachers about the center and its galleries, followed by clicking a group photograph. The visit thus turned out to be successful by fulfilling its aim of imparting scientific knowledge in an interesting way to the students which will remain fresh in their memories for long. All students had prepared a detailed report along with pictures of this visit.

The following are few pictures taken during the visit...

1. A electric fun game to make students aware of Circulatory System in Human Biology Gallery

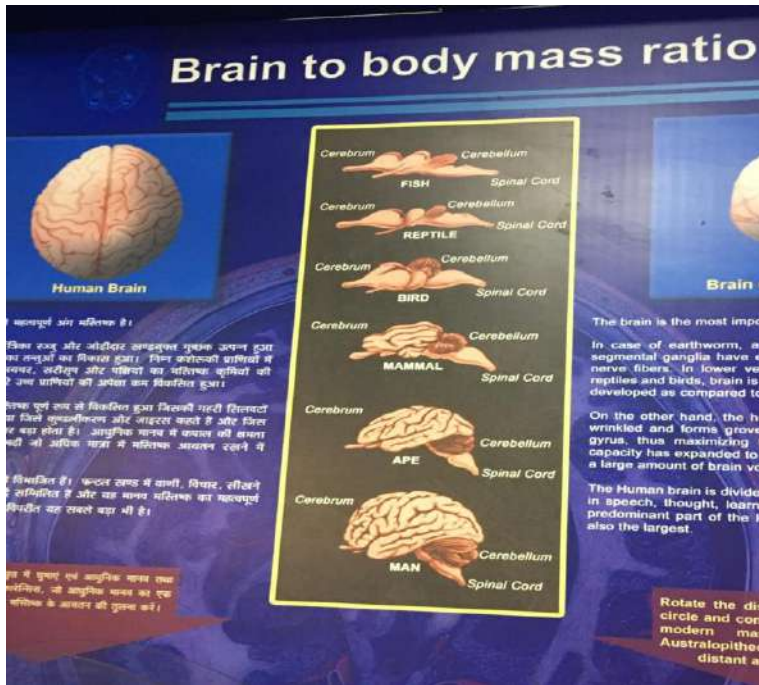

2. Another exhibit from Human Biology Gallery to show working of our Immune System in aid with medicine

3. Students gaining knowledge about Human Vision

4. Students enjoying and learning the Colour Vision of Human Eye.

5. A display showing Comparative Brain structures of different vertebrates in Human Biology Gallery.

6. A student learning the basic of evolution with help of Electronic quiz in Pre-historic life gallery

7. A exhibit of Dinosaur from Pre-historic life gallery.

8. Fun learning ways of mirror illusions.

9. The enthusiastic students visiting the Centre.
