## PREFACE

Today the whole world is trying to standardize various policies regarding the development of mankind to smother the process of universal and unitary growth. To draw the maximum benefit from human resources newer well worked out methods are employed to keep a check on the quality. In this regard education comes first because a well-educated band of people can bring in the best out of our society.

*Deshbandhu College Ranked 28<sup>th</sup> in top 50 colleges of India and 8<sup>th</sup> in city of Delhi (In Science)*

*- India Today-Nielsen Survey 2010*

In order to further improve quality and progress, the College has prepared the Self Study Report.

It gives me immense pleasure and privilege to submit the Self Study Report of Deshbandhu College for the first cycle of accreditation by the National Assessment & Accreditation Council (NAAC), Bangalore. The Self Study Report has been prepared according to the guidelines laid down by NAAC. The report is a reflection of the academic and administrative functioning of the college. The details and data included in the report are true and precise to the best of my knowledge.

Looking forward to the Peer Team visit.

## *About Us*

**DESHBANDHU COLLEGE** was established in the year 1952 by the Ministry of Rehabilitation, in the memory of Late Lala Deshbandhu Gupta -a veteran freedom fighter. The College made a humble beginning with just 72 students and courses like Prep (arts), Prep (science) and Pre-medical. The College was transferred to The Ministry of Education and later taken over by the University of Delhi. Guided by the mantra "Karmanyevadhikaraste" - Our Motto, the college continues to grow both in size and stature. Today, *Deshbandhu College* is a fully maintained constituent college of University of Delhi and has the distinction of being the oldest and the largest co-educational institution in South Delhi promoting Arts, Commerce and Science courses. The College offers seven post graduate and eighteen undergraduate courses in disciplines ranging from Languages, History, Political Science, Economics, and Commerce to all the major branches of Science and Mathematics. As on today, the College has 5,461 students on its roll.

The sprawling campus of *Deshbandhu College*, with its lawns, gardens and extensive grounds provide a healthy environment for all round development of the generation. The campus is dotted with an Administrative Block, an Arts Block, an Old Block, a huge library and a Science block with well-equipped laboratories, together with students' common rooms and a canteen. The college is working actively towards realizing its plan for a three storied Academic Block.

The *Deshbandhu fraternity* encourages the students to meet the complex challenges of an emerging modern society & follow the teaching of *Swami Vivekananda*: "*Stand up, be bold, be strong. Take the whole responsibility on your own shoulders & know that you are the creator of your own destiny. All the strength & succor you want is within you. Therefore make your own future.*"

To encourage self-learning and to satisfy the thirst for knowledge of the students, the College library has a massive collection of about 1,02,420 books, a host of journals and magazines, a spacious reading room, a separate floor for teachers and research scholars, and a book bank section which lends text books to needy students.

The College promotes organization of seminars, lectures, workshops, N.S.S., N.C.C. and other co-curricular activities. A number of scholarships and financial aid are provided to meritorious and needy students every year.

Every student finds his/her expression through College Students' Union, affiliated to the Delhi University Students' Union. The Career-Counselling and Placement Cell of the college provide suitable employment opportunities to graduating students through campus recruitment.

The College has created a spacious "Web Access Center" in which 80 computers and servers provided by the Delhi University are housed. The servers have optical fiber connectivity and the College campus is Wi-Fi enabled. In addition there is a dedicated facility for use of computers and Internet connectivity in the library. The College is well equipped with all infrastructural/ academic support that a student requires. The College & the faculty offer a holistic environment to the students.

## **EXECUTIVE SUMMARY**

### ***Criterion I: Curricular Aspects***

*Deshbandhu College* follows the Curriculum prescribed by the affiliating University of Delhi for the various undergraduate courses. The University conducts workshops and meetings inviting teachers from all affiliated / constituent colleges to participate in the process of updating & restructuring the courses. The senior faculty members from each department of the college attend this process and communicate and exchange their opinions and suggestions for effective execution of the curriculum. Our faculty members have been members of Academic Council, the highest academic body of the University which is responsible for the maintenance of standards of instruction, education and examination within the University.

The curricula are revised regularly by the affiliating university keeping in mind the changing social and global needs and employability of students.

The College offers all kinds of possible avenues in the form of various academic & co-curricular activities like debate, sports, photography, music, dramatics, seminars etc., to help the students in their overall development. At *Deshbandhu College* the purpose of higher education is not only to attain high academic goals but also to become a good human being; an empowered individual with an edge in the fast developing global human resource competitiveness.

The College is a study centre for Indira Gandhi National Open University (IGNOU) as well as for School of Open Learning (SOL) University of Delhi.

### CRITERION I: CURRICULAR ASPECTS

#### 1.1 Curriculum Planning and Implementation

- 1.1.1 State the vision, mission and objectives of the institution, and describe how these are communicated to the students, teachers, staff and other stakeholders.

##### 1.1.1 Vision:

The *vision* of Deshbandhu College is to deliver Innovative, highly effective, all-encompassing quality education for inculcating human values, professionalism and scientific instillation to all sections of students. The College aspires to make the students aware of the institutional as well as individual needs and thus working with instinct, innovation and insight.

**Mission:** Few mission statements of the College are:

- To provide comprehensive education instilled with scientific zeal that creates a platform for lifelong learning.
- To create an informal, close-knit, friendly and supportive environment that encourages hard work and academic achievements.
- To inspire self-learning and to satisfy the thirst for knowledge of the students.
- To prepare the students to achieve core competencies to meet the global Challenges.
- To provide bounteous scope for manifold development of the students.
- To nurture social cognizance and culpabilities among its students.

**Objectives:** The objective of the College is to achieve the stated vision and mission statements through its action plans and relevant activities.

Guided by the mantra "Karmanyevadhikaraste" -our motto, the college aims to grow both in size and stature.

The vision, mission and objectives of the College are communicated to the students, teachers, staff and other stakeholders through:

The annual Prospectus, Website of the College and during the Orientation programme.

**1.1.2 How does the institution develop and deploy action plans for effective implementation of the curriculum? Give details of the process and substantiate through specific example(s).**

The College meticulously develops action plans for effective implementation of the curriculum. Before the start of every semester The teachers in-charge conduct their

### **2.2 Catering to Student Diversity**

**2.2.1 How does the institution cater to the needs of differently-abled students and ensure adherence to government policies in this regard?**

Appropriate measures are taken by the college for the differently-abled students based on their special needs/demands. Differently-abled friendly toilets have been constructed. Ramps have been provided for easy movement of these students.

**2.2.2 Does the institution assess the students' needs in terms of knowledge and skills before the commencement of the programme? If 'yes', give details on the process?**

Yes, during the admission process an Enquiry Desk is set-up to guide and counsel the admission seekers about the different options available in the college. The College organises the Orientation programme on the first day of academic session every year to apprise the freshers with the college culture, co-curricular and extra-curricular activities, different committees, sports, examination outline and other facilities available in the campus. Faculty members interact with students according to their departments. They inform them about the course contents, attendance rules, assessment rules and career option for their respective subject.

**2.2.3 What are the strategies adopted by the institution to bridge the knowledge gap of the enrolled students (Bridge/Remedial/ Add-on/Enrichment Courses, etc.) to enable them to cope with the programme of their choice?**

All departments take few introductory classes to bridge the knowledge gap of the enrolled students to enable them to cope up with the programme of their choice. Simplified versions of books are recommended to them. Enrichment courses like personality development programmes are also conducted to improve students' personality and motivate them for an innovative and creative mind-set.

**2.2.4 How does the college sensitize its staff and students on issues such as gender, inclusion, environment etc.?**

## **DESHBANDHU COLLEGE (UNIVERSITY OF DELHI) : SELF STUDY REPORT**

The Dramatics Society of the College actively organizes street plays targeting the cross-cutting issues like Gender Sensitization, Human rights etc. Eco-Club and NSS unit also organize many programmes, like tree plantation, cleanliness-drive to sensitize its staff and students on issues of environment.

### **2.2.5 How does the institution identify and respond to special educational / learning needs of advanced learners?**

Faculty members identify educational/learning needs of advanced learners through: Classroom presentations, assignments, group discussions & class tests. They provide them guidance for advanced reference books. The advanced learners are encouraged to take part in activities such as quizzes, essay writing etc. They are encouraged to acquire new and advanced information through the internet to bring out their full potential. The creative abilities of the students are given vent through the college magazine, poster making competitions etc.

### **2.2.6 How does the institute collect, analyze and use the data and information on the academic performance (through the programme duration) of the students at risk of drop out (students from the disadvantaged sections of society, physically challenged, slow learners, economically weaker sections etc. who may discontinue their studies if some sort of support is not provided)?**

The College does not collect such data. Individual staff members and students report such cases to the administration. All the possible help is extended to them. The College provides Student aid fund to economically weaker sections

## **2.3 Teaching-Learning Process**

### **2.3.1 How does the college plan and organize the teaching, learning and evaluation schedules? (Academic calendar, teaching plan, evaluation blue print, etc.)**

The academic calendar released by the University of Delhi is followed in totality by the college. The same academic calendar is published in the college prospectus and also uploaded on the college website before the beginning of the session of every academic year. It provides a plan for the academic year to the teachers & the students. Master timetable is prepared and displayed on the notice board. Teacher in-charge of each department prepares the time table for its members. A copy of the timetable of all the teachers is submitted to the Principal.

### **2.3.2 How does IQAC contribute to improve the teaching -learning process?**

## **DESHBANDHU COLLEGE (UNIVERSITY OF DELHI) : SELF STUDY REPORT**

Since the College is applying for the Cycle 1 accreditation IQAC cell has not been constituted. The College has a plan to start the same from the next academic session.

### **2.3.3 How is learning made more student-centric? Give details on the support structures and systems available for teachers to develop skills like interactive learning, collaborative learning and independent learning among the students?**

At Deshbandhu, students have always been the center of all its academic and co-academic endeavors. All possible efforts are made to ensure their fullest growth and development in a safe and congenial environment. The College offers lot of support services to its teachers for making the learning student centric. The College campus is Wi-Fi enabled and a well-stocked library which is connected with Delhi University Wide Area Campus Networking System and provides access to electronic resources to its users from DULS and UGC-INFONET Consortium. The faculty uses this new and modern ICT infrastructure to provide comprehensive and latest information to the students. Students are also encouraged to use the library independently which enhances their knowledge.

The use of internet and computers by the staff and students keep them well-informed of the latest developments in their respective field of study. Apart from it, the co-curricular activities such as seminars/workshops/conferences/debates, extracurricular activities such as cultural/sports activities and extension activities like NSS and NCC activities are undertaken by the college to develop interactive learning.

### **2.3.4 How does the institution nurture critical thinking, creativity and scientific temper among the students to transform them into life-long learners and innovators?**

The creativity is nurtured by organizing several competitions like slogan writing, cartoon making, painting, rangoli, poster making, photography and dramatics by different societies of the college. Botanical society conducts "Prayog Pratiyogita" for students of Botany in their practical classes to assess them. The annual inter-college botanical festival holds many competitions such as Flower Arrangement, Collage Making, Basket Making, Sketch a Live Specimen etc. Various departments arrange for educational trips.

### **2.3.5 What are the technologies and facilities available and used by the faculty for effective teaching? Eg: Virtual laboratories, e-learning - resources from National Programme on Technology Enhanced Learning (NPTEL) and National Mission on Education through Information and Communication Technology (NME-ICT), open educational resources, mobile education, etc.**

The teaching-learning technologies and facilities available and used by the faculty for effective teaching are:

- Modern teaching aids like LCD projectors.
- ICT enabled classrooms.
- Internet access for improving the teaching-learning system by UGC-INFONET.

## **DESHBANDHU COLLEGE (UNIVERSITY OF DELHI) : SELF STUDY REPORT**

- Advanced Softwares like Mathematica 9.0, Matlab 2014a, JAWS, SPSS 14.0. ( provided by the University of Delhi)

### **2.3.6 How are the students and faculty exposed to advanced level of knowledge and skills (blended learning, expert lectures, seminars, workshops etc.)?**

The College conducts lectures and seminars by experts on various issues in which faculty members and students are encouraged to participate and acquire benefits. The teachers go for refresher and orientation courses. Over the years the faculty members have been participating in the conferences and also presenting papers at national and international level seminars.

### **2.3.7 Detail (process and the number of students \ benefitted) on the academic, personal and psycho-social support and guidance services (professional counseling/mentoring/academic advise) provided to students?**

The faculty members of the college are engaged both in the academic and personal counseling of the students regarding the choice of subjects during admission. Experts from various fields are invited to deliver motivational lectures. To add, the college teachers really act as a true friend, philosopher and a guide for the students.

### **2.3.8 Provide details of innovative teaching approaches/methods adopted by the faculty during the last four years? What are the efforts made by the institution to encourage the faculty to adopt new and innovative approaches and the impact of such innovative practices on student learning?**

The College encourages the teachers to keep themselves abreast of the latest developments in their respective fields. They are encouraged to use computers, Internet and library resources to enrich their teaching. The College faculty is also provided training for use of computers, latest software so that they can themselves create modern teaching aids to be used in their classrooms.

### **2.3.9 How are library resources used to augment the teaching- learning process?**

The College library has provided impetus to its services with the introduction of new and modern ICT infrastructure. It provides various services such as Reference service, Circulation service, Reprographic service, Assistance in searching database etc. The Library also provides access to electronic resources from DULS & UGC-INFONET. Users can access the e-resources under N- List programme. User Orientation & Awareness Programme is conducted on the commencement of each academic session.

### **2.3.10 Does the institution face any challenges in completing the curriculum within the planned time frame and calendar? If 'yes', elaborate on the challenges encountered and the institutional approaches to overcome these.**

## **DESHBANDHU COLLEGE (UNIVERSITY OF DELHI) : SELF STUDY REPORT**

The Curriculum prescribed by the University for every year is completed by the faculty members within the time frame. However if in any case the college faces challenges in completing the curriculum, extra theory and practical classes are taken by the faculty members of the respective departments for the completion of the course contents within the time frame.

### **2.3.11 How does the institute monitor and evaluate the quality of teaching learning?**

The quality of teaching-learning is monitored by the Principal and teachers in-charge of all departments and issues, if any, are discussed in the Staff Council meeting.

## **2.4 Teacher Quality**

### **2.4.1 Provide the following details and elaborate on the strategies adopted by the college in planning and management (recruitment and retention) of its human resource (qualified and competent teachers) to meet the changing requirements of the curriculum.**

The regular faculty members as Assistant Professor are selected as per the guidelines of UGC through open advertisement. Recently a large number of vacancies have come up due to sanction of extra posts in view of OBC expansion. The vacancies are advertised in leading Newspapers. Eligible candidates as per criteria defined by the University are called for interview.

The selection committee comprises of the Governing Body Chairman, the Principal, four subject experts nominated by the Vice-Chancellor and one senior subject teacher of the college. Governing Body approves the recommendation of Selection Committee and appoints the teacher. The College has qualified teachers to handle the classes.

- \* **invited as resource persons in Workshops / Seminars / Conferences organized by external professional agencies : 15%**
- \* **participated in external Workshops / Seminars / Conferences recognized by national/ international professional bodies : 39%**
- \* **presented papers in Workshops / Seminars / Conferences conducted or recognized by professional agencies : 33%**

**2.4.4 What policies/systems are in place to recharge teachers? (eg: providing research grants, study leave, support for research and academic publications teaching experience in other national institutions and specialized programmes industrial engagement etc.)**

## **DESHBANDHU COLLEGE (UNIVERSITY OF DELHI) : SELF STUDY REPORT**

The College extends full support to its faculty members to pursue research by providing space for research labs. Study/Sabbatical leave is approved. Faculty members have received grants for research projects from UGC, University of Delhi, Department of Science & Technology (DST), Govt. of India and other funding agencies. Teachers are also engaged in P.G. level teaching & research activities with national/ international institutes.

**2.4.5 Give the number of faculty who received awards / recognition at the state, national and international level for excellence in teaching during the last four years. Enunciate how the institutional culture and environment contributed to such performance/achievement of the faculty.**

One teacher of the college has received Distinguished Teacher Award from University. Such achievements of the faculty members are printed in the annual report of the college.

**2.4.6 Has the institution introduced evaluation of teachers by the students and external Peers? If yes, how is the evaluation used for improving the quality of the teaching-learning process?**

The College has not introduced evaluation of teachers by the students and external Peers using the model questionnaire.

### **2.5 Evaluation Process and Reforms**

**2.5.1 How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?**

The evaluation processes are incorporated in the annual prospectus of the college. Annual prospectus is uploaded on the college website. At the beginning of the semester, teachers in-charge and faculty members inform the students about it in the classroom. Notifications about evaluation processes issued by the Principal are being circulated to the classrooms and also displayed on the College notice board.

**2.5.2 What are the major evaluation reforms of the university that the institution has adopted and what are the reforms initiated by the institution on its own?**

Reforms introduced in evaluation process by the University are as below:

- Internal assessment was introduced in 2003-2004.
- Semester system was introduced in 2011-2012
- House Examination was replaced by class test and written assignments in 2011-2012

**2.5.3 How does the institution ensure effective implementation of the evaluation reforms of the university and those initiated by the institution on its own?**

## DESHBANDHU COLLEGE (UNIVERSITY OF DELHI) : SELF STUDY REPORT

- Attendance is compiled month wise.
- Moderation committees of all departments and Internal Assessment Committee monitor the implementations of evaluation reforms.

**2.5.4 Provide details on the formative and summative assessment approaches adopted to measure student achievement. Cite a few examples which have positively impacted the system.**

The College has adopted both formative and summative methods of evaluation.

- Formative assessment based on Attendance record, classroom interactions, assignments, project work, practical session, class tests, practical classes and tutorial classes.
- Summative assessment based on the performance in House Examinations. When University replaced class tests for House Examination pass percentage in the University Examination increased

**2.5.5 Detail on the significant improvements made in ensuring rigor and transparency in the internal assessment during the last four years and weightages assigned for the overall development of students (weightage for behavioral aspects, independent learning, communication skills etc.**

Transparency is ensured in the Internal Assessment (IA). 25% of Maximum marks in each paper are assigned for IA.

IA is based on (as per the University rule)

- Written Assignments : 10%
- Class Test/Presentations : 10%
- Attendance : 05%

Credit for regularity in attending the classes for each paper is as follows (for 100 marks)

- More than 67% but less than 70% : 1 Mark
- More than 70% but less than 75% : 2 Marks
- More than 75% but less than 80% : 3 Marks
- More than 80% but less than 85% : 4 Marks
- More than 85% : 5 Marks

**2.5.6 What are the graduate attributes specified by the college/ affiliating university? How does the college ensure the attainment of these by the students?**

The College aspires to have a transformational impact on students through comprehensive education by inculcating qualities of competence, confidence and excellence. The College ensures the attainment of these by the students through its curricular and co-curricular activities, extension and outreach programmes.

**2.5.7 What are the mechanisms for redressal of grievances with reference to evaluation both at the college and University level?**

The mechanism for Grievance Redressal regarding IA is as given below:

- Teachers clarify any point raised by any student regarding evaluation of unit tests, assignments and attendance. Members of moderation committee of the department concerned extend all possible help.
- Internal Assessment Committee does the rectification if required.
- At University level students can apply for reevaluation.

## **2.6. Student performance and Learning Outcomes**

**2.6.1 Does the college have clearly stated learning outcomes? If 'yes' give details on how the students and staff are made aware of these?**

The College's approach to the learning outcomes is defined clearly in college prospectus and available on the college website.

**2.6.2 Enumerate on how the institution monitors and communicates the progress and performance of students through the duration of the course/programme? Provide an analysis of the students results/achievements (Programme/course wise for last four years) and explain the differences if any and patterns of achievement across the programmes/courses offered.**

The College monitors and communicates the progress and performance of the students through internal assessment method. As per guidelines of the University, Faculty members conduct Class tests of their subjects. Students are asked to submit assignments and projects. The record of the whole evaluation process is transparent. Students are shown their answer scripts. In case of any discrepancy students are free to discuss with the teacher concerned. Internal Assessment is prepared on the proforma listing the marks of the students in assignments, class test and attendance. Students are asked to sign on the assessment proforma.

**\* COURSES WERE DISCONTINUED DUE TO INTRODUCTION OF FYUP**

### **2.6.3 How are the teaching, learning and assessment strategies of the institution structured to facilitate the achievement of the intended learning outcomes?**

The teaching, learning and assessment strategies of the college are structured to facilitate the achievement of the intended learning outcomes through:

- Well-equipped laboratories.
- Well-equipped library.
- Classrooms with LCD projectors.
- Class tests, written assignments, Projects, Presentations.

### **2.6.4 What are the measures/initiatives taken up by the institution to enhance the social and economic relevance (student placements, entrepreneurship, innovation and research aptitude?developed among students etc.) of the courses offered?**

## **DESHBANDHU COLLEGE (UNIVERSITY OF DELHI) : SELF STUDY REPORT**

Few measures and initiatives to enhance the social and economic relevance of the courses taken up by the College are listed below:

- A placement Cell has been set-up which helps the students to work on their skills, aptitudes, strengths and weakness. It serves as an interface between students and the corporates and works for the recruitment of the students thus shaping their future.
- NSS and NCC units of college conduct workshops and seminars.
- The college magazines provide them platform to give expression to their innovative and creative flight.
- Zoology department have set up research laboratories.

### **2.6.5 How does the institution collect and analyze data on student performance and learning outcomes and use it for planning and overcoming barriers of learning?**

The College collects and analyses data on student performance and learning outcomes through classroom interactions, class tests, written assignments, and projects, practical and tutorial classes. The learning outcomes of the students are analyzed in the departmental meeting with the Principal. On the basis of this data analysis, planning is done for the next academic session to overcome barriers of learning.

### **2.6.6 How does the institution monitor and ensure the achievement of learning outcomes?**

The College does not have an explicit policy to monitor and ensure the achievement of learning outcomes. However all efforts are taken to monitor the academic progress of the students.

### **2.6.7 Does the institution and individual teachers use assessment/ evaluation outcomes as an indicator for evaluating student performance, achievement of learning objectives and planning? If 'yes' provide details on the process and cite a few examples.**

**Any other relevant information regarding Teaching-Learning and Evaluation which the college would like to include.**

The College and individual teachers use the assessment / evaluation as an indicator for evaluating student performance, achievement of learning objectives and planning The students who excel in the co-curricular and extra-curricular are given due advantage in assessment. General classroom behavior of the students is also kept in mind when evaluation of a student is undertaken.

## **CRITERION III: RESEARCH, CONSULTANCY AND EXTENSION**

### **3.1 Promotion of Research**

#### **3.1.1 Does the institution have recognized research center/s of the affiliating University or any other agency/organization?**

Yes, the affiliating university (University of Delhi) has recognized two research laboratories for perusal of Ph. D. research work under the supervision of :

- Dr. Kamal Kumar Gupta, Associate Professor in Zoology
- Dr. Indrakant K. Singh, Assistant Professor in Zoology

At present two research scholars under the guidance of Dr. Kamal Kumar Gupta and one research scholar under the guidance of Dr. Indrakant K. Singh are pursuing their Ph.D. research work

#### **3.1.2 Does the Institution have a research committee to monitor and address the issues of research? If so, what is its composition? Mention a few recommendations made by the committee for implementation and their impact.**

Yes, Composition of the committee is:

- Dr. Ajay Kumar Arora (Chairperson of the Committee), the Principal, Deshbandhu College.
- Dr. Ranjana Seth, Associate Professor in Zoology, Deshbandhu College.
- Dr. Kamal Kumar Gupta, Associate Professor in Zoology, Deshbandhu College.
- Dr. Indrakant K. Singh, Assistant Professor in Zoology, Deshbandhu College.
- Dr. Sarita Kumar, Associate Professor in Zoology, Acharya Narendra Dev College.

This committee monitors the issues of research in coordination with Departmental Research Committee (DRC), Department of Zoology, University of Delhi.

#### **3.1.3 What are the measures taken by the institution to facilitate smooth progress and implementation of research schemes/ projects?**

- § **autonomy to the principal investigator**
- § **timely availability or release of resources**

Following measures are taken by the college to facilitate smooth progress and implementation of research scheme/ project:

- A bank account in the name of Project is opened. When the grants are received from the funding agency funds are transferred to the bank account of the project.
- The Principal Investigator has full autonomy subject to General Financial Rules (GFR) to utilize the funds.
- Yes, there is always timely availability or release of resources. Adequate infrastructure and human resources are provided.
- Periodic progress report of each project is monitored by the Principal and same is forwarded to the funding agency.
- On completion of the Project an audit is carried out by a Chartered Accountant and Utilization Certificate is submitted to the funding agency.

### **3.1.4 What are the efforts made by the institution in developing scientific temper and research culture and aptitude among students?**

The College selects 10 students from Science departments on the basis of their aptitude for research under Innovation project funded by University of Delhi. At present eight innovation projects of interdisciplinary nature are going on.

### **3.1.5 Give details of the faculty involvement in active research (Guiding student research, leading Research Projects, engaged in individual/collaborative research activity, etc.**

- **Dr. G. C. Pant (Sanskrit)** - Sanskrit Poetics, Modern Sanskrit Literature.
- **Dr. Kamal Kumar Gupta (Zoology)** - Entomology: Insect Reproductive behaviour and Physiology, Vector biology and Management.

3.1.8 Enumerate the efforts of the institution in attracting researchers of eminence to visit the campus and interact with teachers and students?

- Various departments of Deshbandhu College regularly organize conferences, seminars and workshops in order to rope in researchers of eminence to visit the campus and interact with teachers and students. Following is the list of the distinguished visitors:

**Department of Bio- Chemistry:**

- Dr. Vani Brahmachari, Ambedkar Center for Biomedical Research, Delhi.
- Dr. Vinay Nandicoori, National Institute of Immunology, Delhi.
- Dr. Anurag Agrawal, Institute of Genomics and integrative Biology, Delhi
- Dr. Ashwani Pareek, Jawahar Lal Nehru University, Delhi.
- Dr. Suneeta Saxena, Indian council of Medical Research, Delhi.
- Dr. T. S. Rao, Department of Biotechnology, Delhi.
- Dr. Somdutta Sen, The Center for Genome Applications, Delhi.
- Dr. H. S. Misra, Bhabha Atomic Research Center, Mumbai.

**Department of Botany:**

- Prof. J. P. Khurana, Department of Plant Molecular Biology, South Campus, University of Delhi.
- Dr. Dinabandhu Sahoo, Department of Botany, University of Delhi.

### **3.1.9 What percentage of the faculty has utilized Sabbatical Leave for research activities? How has the provision contributed to improve the quality of research and imbibe research culture on the campus?**

University of Delhi has started the provision of Sabbatical leave for college Associate Professors from 2013. Recently one faculty member from Department of Chemistry has utilized it.

### **3.1.10 Provide details of the initiatives taken up by the institution in creating awareness/advocating/transfer of relative findings of research of the institution and elsewhere to students and community (lab to land)**

Team consisting of 04 faculty members of Zoology Department and students are working on dengue awareness programme. Department is planning to hold an awareness programme and symposium in the college campus in the month of February in collaboration with UGC.

### **3.2 Resource Mobilization for Research**

**3.2.1 What percentage of the total budget is earmarked for research? Give details of major heads of expenditure, financial allocation and actual utilization.**

The College provides no funds for research activities. Faculty members involved in research work have to apply for the grant of project from different funding agencies. However college supports the faculty members to attend national or international conferences/workshop being organized in India

**3.2.2 Is there a provision in the institution to provide seed money to the faculty for research? If so, specify the amount disbursed and the percentage of the faculty that has availed the facility in the last four years?**

No.

**3.2.3 What are the financial provisions made available to support student research projects by students?**

As per University Syllabi or curricula, no undergraduate program includes any research work/project; hence no financial support is provided to the students for research project. However the students engaged in innovation projects are given a stipend of Rs. 1000/- each from the grant allocated by the University for these projects.

**3.2.4 How does the various departments/units/staff of the institute interact in undertaking inter-disciplinary research? Cite examples of successful endeavors and challenges faced in organizing interdisciplinary research.**

Under the Innovation Projects Scheme of University of Delhi and UGC several faculty members have taken research projects. For each project three faculty members and ten students from Science departments are involved, which automatically ensures inter-disciplinary research.

**3.2.5 How does the institution ensure optimal use of various equipment and research facilities of the institution by its staff and students?**

The college ensures optimal use of the various equipment and research facilities by its staff and students by providing easy and uninterrupted access to available equipment. Research Laboratories are opened even on holidays. Internet connectivity has also been provided round the clock.

## DESHBANDHU COLLEGE (UNIVERSITY OF DELHI) : SELF STUDY REPORT

**3.2.6 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facility? If 'yes' give details.**

The College has not received any such special grant so far.

**3.2.7 Enumerate the support provided to the faculty in securing research funds from various funding agencies, industry and other organizations. Provide details of ongoing and completed projects and grants received during the last four years.**

### 3.3 Research Facilities

#### 3.3.1 What are the research facilities available to the students and research scholars within the campus?

Research facilities available to the students and research scholars within the campus are as follows:

- Major Equipment/ facilities available in research Laboratory of Dr. Kamal Kumar Gupta:
  - B.O.D., B.O.D. cum Shaker, Hot Air Oven, Fridge, -20 (Deep fridge), Samsung microwave oven, Stereomicroscope, Phase contrast microscope, Magnetic stirrer, Magnetic stirrer with hot plate, Weighing machine (Sartorius ), Desktops, Extension Wires etc.
- Major Equipment/ facilities available in research Laboratory of Dr. Indrakant K. Singh:
  - UV-Spectrophotometer-BIORAD, Thermo cycler (PCR)-BIORAD, Gel-Electrophoresis unit, Western Blotting, Electronic Balance, BOD Incubator, PH-meter, Vortex, Deep freezer, Laminar Flow, Micropipettes etc.
- Chemistry Research Laboratory:
  - Analytical Balance, Thermostat, pH- meter, Conductivity meter/ turbidity meter, Magnetic Stirrer, UV-Photo spectrometer and Double Distillation Plant.
- Bio-Chemistry Laboratory:
  - Visible Spectrophotometer, UV-Visible Spectrophotometer, Orbital Shaker Incubator with cooling, LED Binocular Microscopes, Deep Freezer (-20 degree Celsius), Laminar Air Flow Cabinet, Refrigerated Centrifuge machine etc.

#### 3.3.2 What are the institutional strategies for planning, upgrading and creating infrastructural facilities to meet the needs of researchers especially in the new and emerging areas of research?

The College is planning to set up Common Instrumentation Centre (CIC) cum Incubation centre funded by University of Delhi. Proposals for up-gradation of building infrastructure have been submitted to the UGC.

**3.3.3 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facilities?? If 'yes', what are the instruments / facilities created during the last four years.**

No, College has not received any such special grant so far.

**3.3.4 What are the research facilities made available to the students and research scholars outside the campus / other research laboratories?**

Department of Zoology, University Science Instrumentation Centre (USIC) and Instrumentation Centre at South Campus, University of Delhi which has advanced research facilities are accessible to college teachers and students. Students can also avail the facility of University Computer Centre and Library.

**3.3.5 Provide details on the library/ information resource center or any other facilities available specifically for the researchers?**

The College library has provided impetus to its services with the introduction of new and modern ICT infrastructure. The library has well equipped reading room. It is connected to Wi-Fi network of the college and wide area campus network of University of Delhi. The library provides access to electronic resources to its users from DULS and UGC-INFONET Consortium. Library has massive collection of 102420 books, 53 periodicals, 15 Newspapers and 417 CD & Floppy Disks. The college library has access to National Library and Information Services Infrastructure for Scholarly Content (N-LIST). Under N-LIST Programme the library users can access to e-resources (6000+e-journals and 97000+ e-books).

**3.3.6 What are the collaborative research facilities developed/ created by the research institutes in the college. For ex. Laboratories, library, instruments, computers, new technology etc.**

The affiliating University (University of Delhi) has granted special funds to develop Web Access Centre, to provide equipment for science laboratories and books to the library.

### 3.4 Research Publications and Awards

#### 3.4.1 Highlight the major research achievements of the staff and students in terms of

- \* Patents obtained and filed (process and product)
- \* Original research contributing to product improvement
- \* Research studies or surveys benefiting the community or improving the services
- \* Research inputs contributing to new initiatives and social development

Under innovation project three faculty members and 10 students from science departments collected ground water samples from various regions in Delhi & NCR covering Faridabad, Ghaziabad, Noida, Bahadurgarh, Nangloi, Maharani Bagh, Gurgaon & Surya Vihar to check hardness, toxic metal, TDS (Total dissolved solids). They found that Yamuna water consists of so many toxic elements but nickel chromium and lead are in excess amount which are toxic to our health.

#### 3.4.2 Does the Institute publish or partner in publication of research journal(s)? If 'yes', indicate the composition of the editorial board, publication policies and whether such publication is listed in any international database?

No.

#### 3.4.3 Give details of publications by the faculty and students:

- \* Publication per faculty
- \* 

{	Number of papers published by faculty and students in peer reviewed journals (national / international)	
	Number of publications listed in International Database (for Eg: Web of Science, Scopus, Humanities International Complete, Dare Database - International Social Sciences Directory, EBSCO host, etc.)	849
- \* 

{	Monographs	
	Chapter in Books :	92
	Books Edited :	54
- \* Books with ISBN/ISSN numbers with details of publishers : 57
- \* Citation Index
- \* SNIP

### **3.5 Consultancy**

**3.5.1 Give details of the systems and strategies for establishing institute-industry interface?**

The College has a plan to establish such system.

**3.5.2 What is the stated policy of the institution to promote consultancy? How is the available expertise advocated and publicized?**

The College has no such policy so far. However the faculty members from various departments visits institute like NCERT, ILL, etc. to promote consultancy on different topics.

**3.5.3 How does the institution encourage the staff to utilize their expertise and available facilities for consultancy services?**

No such policy exists.

**3.5.4 List the broad areas and major consultancy services provided by the institution and**

the revenue generated during the last four years.

Nil.

**3.5.5 What is the policy of the institution in sharing the income generated through consultancy (staff involved: Institution) and its use for institutional development?**

No income to share so far.

### **3.6 Extension Activities and Institutional Social Responsibility (ISR)**

**3.6.1 How does the institution promote institution-neighborhood-community network and student engagement, contributing to good citizenship, service orientation and holistic development of students?**

To promote community network NSS Unit of college has organised learning cum fun activity workshop for nearby slum children in collaboration with an NGO 'UMMEED'. College organised Health Check- up camp, blood check-up camp for blind students in collaboration with Red Cross Society and blood donation Camp. NSS volunteers participated in "Common Wealth Games" 2010 and Delhi Monument Cleaning programme.

**3.6.2 What is the Institutional mechanism to track students' involvement in various social movements / activities which promote citizenship roles?**

Students are encouraged to join any one of these extension activities:

- National Cadet Crops (NCC) :
- National Service Scheme (NSS):

The recruitment/enrolment for the first year students as NCC cadets starts just after the completion of the admission process. The aim of NCC is to shape up the youth & unveil their hidden potential to face the challenges in life. The NCC cadets are given basic military training in parades & special camps to deal with natural calamities.

The regular activities and annual special camp are being organized by the NSS unit wherein they learn to take up social tasks and become responsible citizen of the country.

NSS/ NCC program officers report all the activities of their volunteers to the Principal which helps to track students' involvement to various social activities.

**3.6.3 How does the institution solicit stakeholder perception on the overall performance and quality of the institution?**

Regular meetings with the Staff Council, different committees / teachers in- charge are conducted under the Chairmanship of the Principal in which different issues about changes and development of the college are discussed.

## DESHBANDHU COLLEGE (UNIVERSITY OF DELHI) : SELF STUDY REPORT

**3.6.4 How does the institution plan and organize its extension and outreach programmes? Providing the budgetary details for last four years, list the major extension and outreach programmes and their impact on the overall development of students.**

The NCC and NSS units of the college organize extension activities and outreach programmes all over the year.

The expenditure incurred in the last four years is as below:

Academic Year	Expenditure
2010-2011	1,04,630
2011-2012	80,410
2012-2013	1,03,850
2013-2014	1,06,530

**3.6.5 How does the institution promote the participation of students and faculty in extension activities including participation in NSS, NCC, YRC and other National/ International agencies?**

The programme officers of NSS and NCC unit take active part regarding proper notification of all its activities involving the teachers and students. Programme schedule is notified on the notice board and also circulated in the staffroom in advance and propagated among the students. The students are motivated to participate in such activities. Students and faculty members participate actively in the extension activities organized by the units like blood donation camp, tree plantation, Campus cleaning drive etc. NCC unit of the college organised NCC fest "DESH-2014". Our N.S.S and N.C.C students were part of Gyanodaya Endeavour (a special train GYANODAYA EXPRESS) of the University of Delhi.

**3.6.6 Give details on social surveys, research or extension work (if any) undertaken by the college to ensure social justice and empower students from under-privileged and vulnerable sections of society?**

The College has made a conscious effort to promote social justice as a value in learning process and administrative interactions. NSS unit has been organizing various social activities in coordination with different NGOs for under-privileged sections of the society. NSS volunteers collected clothes for Flood Victims of different states in the country and submitted to an NGO.

**3.6.7 Reflecting on objectives and expected outcomes of the extension activities organized by the institution, comment on how they complement students' academic learning experience**

**and specify the values and skills inculcated.**

Extension activities conducted by the college always imbibe academic learning experience, values and skills not only in students but faculty too. These activities refresh the environment of the college as well. The result of the participation in the various socially relevant activities has resulted in inculcating the feeling of being socially awakened citizens in the students. The students who have been a part of this process have been spreading awareness in the institution and motivating other students as well to stand tall for the cause of Social Upliftment.

**3.6.8 How does the institution ensure the involvement of the community in its reach out activities and contribute to the community development? Detail on the initiatives of the institution that encourage community participation in its activities?**

To ensure the involvement of the community in its reach out activities and contribute to the community development the Botanical society of the college organised socially relevant and environment friendly activity 'Clean Delhi Drive' in conjunction with Eco-club and art of living's 'Meri Delhi Meri Yamuna' programme at Defence Colony market. Students, teachers and laboratory staff members enthusiastically cleaned the area in and around Defence colony market. During 'Say No to Plastic Bags' campaign, a rally was taken out from the college through residential areas of Kalkaji to the nearby Krishna Market with the support of police personnel from Kalkaji police station. At the Krishna Market NSS volunteers, faculty members, laboratory and office staff undertook extensive cleaning work of the area and collected more than 100 bags full of garbage.

**3.6.9 Give details on the constructive relationships forged (if any) with other institutions of the locality for working on various outreach and extension activities.**

Our College has been a part of the Disaster Management Workshop organised by Civil Defense Authority.

**3.6.10 Give details of awards received by the institution for extension activities and/contributions to the social/community development during the last four years.**

The College was ranked 28<sup>th</sup> in top 50 Science colleges and 8<sup>th</sup> in the city of Delhi as per India Today Nielson Survey published in India Today, June 28, 2010.

## **3.7 Collaboration**

**3.7.1 How does the institution collaborate and interact with research laboratories, institutes and industry for research activities. Cite examples and benefits accrued of the initiatives - collaborative research, staff exchange, sharing facilities and equipment, research scholarships etc.**

The Principal Investigators of research projects invite Scientists from DST and DBT to interact with students and faculty members.

## DESHBANDHU COLLEGE (UNIVERSITY OF DELHI) : SELF STUDY REPORT

**3.7.2 Provide details on the MoUs/collaborative arrangements (if any) with institutions of national importance/other universities/industries/Corporate (Corporate entities) etc. and how they have contributed to the development of the institution.**

No

**3.7.3 Give details (if any) on the industry-institution-community interactions that have contributed to the establishment / creation/up-gradation of academic facilities, student and staff support, infrastructure facilities of the institution viz. laboratories/library/new technology/placement services etc.**

The College interacts with eminent personalities from various reputed universities and industries for establishing better academic facilities for its staff and students. The college although does not enjoy any MoUs but still many reputed firms visit the institution for the placements. The labs are being upgraded for the upkeep of latest electronic equipment, computers etc. The placements process got a boost by such interactions.

**3.7.4 Highlighting the names of eminent scientists/participants who contributed to the events, provide details of national and international conferences organized by the college during the last four years.**

## **CRITERION IV: INFRASTRUCTURE AND LEARNING RESOURCES**

### **4.1 Physical Facilities**

#### **4.1.1 What is the policy of the Institution for creation and enhancement of infrastructure that facilitate effective teaching and learning?**

For creation of the infrastructure facilities in the College and enhancement of infrastructure that facilitate effective teaching and learning, resolutions are taken in discussion with the Principal and various committees of Staff Council. Recently College has constructed 6 class rooms in the form of Porta cabins, one Seminar Hall. Staff room is also renovated

#### **4.1.2 Detail the facilities available for**

**a) Curricular and co-curricular activities - classrooms, technology enabled learning spaces, seminar halls, tutorial spaces, laboratories, botanical garden, Animal house, specialized facilities and equipment for teaching, learning and research etc.**

**b) Extra -curricular activities - sports, outdoor and indoor games, gymnasium, auditorium, NSS, NCC, Cultural activities, Public speaking, Communication skills development, yoga, health and hygiene etc.**

The facilities available for curricular activities are:

- 45 class rooms.
- 1 Seminar Hall with capacity of 200.
- 14 Tutorial rooms.
- 12 Departmental Rooms.
- Boys Common Room (BCR).
- Girls Common Room (GCR).
- 4 Lecture Theatres (BLT, CLT, PLT, ZLT) one each for Botany, Chemistry, Physics and Zoology.
- 2 Laboratories of Biochemistry
- 3 Laboratories of Botany.
- 3 Laboratories of Chemistry
- 3 Laboratories of Physics
- 3 Laboratories of Zoology
- 1 Botanical Garden
- 1 Chemistry Research Laboratory
- 2 Zoology Research Laboratories
- Museum in Botany and Zoology Department
- Computer Science Lab
- 7 LCD Projectors
- Web Access Centre
- IGNOU Study Centre
- SOL Study Centre(University of Delhi)

## DESHBANDHU COLLEGE (UNIVERSITY OF DELHI) : SELF STUDY REPORT

- 4 Xerox Machines (1 in Principal office, 2 in Admin. Block & 1 in Library)
- A Canteen
- A Library

### For Extracurricular activities:

**Outdoor Games:** A spacious play ground is available for outdoor games like Cricket, Football, Volleyball and archery. Athletes and Kabaddi players also use the same ground for practice.

**Indoor Games:** Facilities for the sports like Badminton, Table Tennis, Chess, Carom etc., are provided to students in the Boys' Common Room (BCR). Besides this, BCR is also used for the training of Yoga, Boxing and Taekwondo.

- 1 NCC Room.
- 1 Music Society Room.
- 1 Dramatic Society Room

**4.1.3 How does the institution plan and ensure that the available infrastructure is in line with its academic growth and is optimally utilized? Give specific examples of the facilities developed/augmented and the amount spent during the last four years (Enclose the Master Plan of the Institution / campus and indicate the existing physical infrastructure and the future planned expansions if any).**

The Staff Council committees work together and plan for ensuring that the available infrastructure is in line with its academic growth and optimal utilization of the available infrastructure. The College has been keeping pace with the changing needs and requirements to meet its academic growth. To keep pace with the requirements, additional infrastructure is being added from time to time. In the last four years, many rooms have been constructed / renovated. Deshbandhu is also a study centre for IGNOU & SOL (University of Delhi). Classes are conducted on Saturday and Sunday. Full power backup is ensured through a 1.160 KVA Generator Set.

The College campus is Wi-Fi enabled. The amount spent on the infrastructure in the last four years is as below:

Academic Year	Infrastructure	Amount (Rs in Lacs)
2010-2011	Class Rooms, Laboratories under Special Grant XI Plan , Up-gradation of Library, Multi Media	48,09,314
2011-2012	OBC Infrastructure, Building, Lab, Projectors	12,36,451
2012-2013	Up-gradation of Library, DG set	19,72,448
2013-2014	Porta Cabins, Architecture ,Civil engineer	21,57,774

**4.1.4 How does the institution ensure that the infrastructure facilities meet the requirements of students with physical disabilities?**

The College ensures that infrastructure facilities meet the requirement of the students with physical disabilities. Ramps and toilet have been constructed for differently-abled students.

**4.1.5 Give details on the residential facility and various provisions available within them:**

- Hostel Facility - Accommodation available
- Recreational facilities, gymnasium, yoga center, etc.
- Computer facility including access to internet in hostel
- Facilities for medical emergencies
- Library facility in the hostels
- Internet and Wi-Fi facility
- Recreational facility-common room with audio-visual equipments.
- Available residential facility for the staff and occupancy  
Constant supply of safe drinking water
- Security

Hostel accommodation is not available.

**4.1.6 What are the provisions made available to students and staff in terms of health care on the campus and off the campus?**

First-aid and medical assistance is available for Sports students. The facility is also available for other students of the college.

**4.1.7 Give details of the Common Facilities available on the campus-spaces for special units like IQAC, Grievance Redressal unit, Women's Cell, Counselling and Career Guidance, Placement Unit, Health Centre, Canteen, recreational spaces for staff and students, safe drinking water facility, auditorium, etc.**

The common facilities available on college campus are as follows:

- Grievance Committee
- Placement Cell
- Canteen
- Safe drinking water facility
- Committee room
- Seminar Hall
- Multi-purpose activity room

## **4.2 Library as a Learning Resource**

**4.2.1 Does the library have an Advisory Committee? Specify the composition of such a committee. What significant initiatives have been implemented by the committee to render the library, student/user friendly?**

Yes, Advisory Committee for Library is Library Committee. Composition of the Library Committee:

The Chairperson of the Committee is the Principal; Librarian is Secretary, a convener deputed for two years. Teachers in -charge of all departments are members of the committee. The committee has also two members as Special Invitee.

The Library Committee is allocated the Recurring Grant, Non-Recurring Grant (if any) every year in the meeting after the commencement of the academic session in the presence of the Principal, the Librarian, the Library Convener, the Special Invitee Members and all the teacher-in-charges of the departments.

The Library Committee is responsible to constitute the rules, regulations, amendments and welcomes suggestions & advices (if any).

**4.2.2 Provide details of the following :**

- \* **Total area of the library (in Sq. Mts.)**
- \* **Total seating capacity**
- \* **Working hours (on working days, on holidays, before examination days, during examination days, during vacation)**
- \* **Layout of the library (individual reading carrels, lounge area for browsing and relaxed reading, IT zone for accessing e-resources)**

Details are as follows:

- **Total area of the library (in Sq. Mts.)** -----
- **Total seating capacity:** 175.
- **Working Hours:**
  - On working days:** 09:00 AM -- 6:30 PM
  - On holidays:** 09:00 AM -- 4:00 PM
  - Before examination days:** 09:00 AM -- 6:30 PM
  - During examination days:** 09:00 AM -- 6:30PM
  - During vacation:** 09:00 AM -- 6:30 PM

- \* Hazardous waste management
- \* e-waste management

The College has taken all possible initiatives to make the campus green & eco-friendly. Tree plantation in the college campus is a regular activity of the NSS unit. A botanical garden maintained by the Department of Botany adds to the greenery of the college. There is a Water harvesting plant in the college campus.

### **7.2 Innovations**

#### **7.2.1 Give details of innovations introduced during the last four years which have created a positive impact on the functioning of the college.**

The College has taken following steps to implement innovative ideas for its smooth functioning:

- Development of Web Access Centre.
- Setting up research laboratories.
- The installation of LCD projectors in classrooms to facilitate e- learning.
- Providing laptop to the students of Ist Year.
- Computerization of library with an access to electronics resources from DULS and UGC-INFONET.
- Introduction of N-LIST Programme
- Round the clock Wi-Fi facility to enable students to acquire more teaching and learning knowledge.

- Computerization of Administrative Block.
- A functional website for important notices, time-table and day to day updates to be uploaded time to time.
- Surveillance through CCTV cameras in college campus.

### **7.3 Best Practices**

**7.3.1 Elaborate on any two best practices in the given format at page no. 98, which have contributed to the achievement of the Institutional Objectives and/or contributed to the Quality improvement of the core activities of the college.**

**Two Best Practices :**

The term "Best Practice" has been used to describe "what works" in a particular situation or circumstances (or environment). Best practices have been advantageous to all grade levels and also provide the building blocks for instructions. Deshbandhu College follows and encourages various practices every year to motivate, engage, encourage and prompt students to learn. These practices provide them opportunities to hone their ethics and leadership potential. Two best practices of the College in the last four years are:

- 1. INSPIRE Internship Programme**
- 2. Placement Cell**

**1. Title of the Practice : INSPIRE Internship(Innovation in Science Pursuit for Inspired Research)**

INSPIRE – Innovation in Science Pursuit for Inspired Research – Programme was launched by The Department of Science and Technology, Government of India on 13th December 2008. Inspire is an innovative programme, with long term foresight , to strengthen the National Science and Technology base and to attract talent to the excitement and study of science at an early age. The College has been organizing **INSPIRE Internship** Programme for the last three years to promote scientific temperament among the young students.

**➤ Goal**

The basic Goal of INSPIRE is to communicate to the youth population of the country the excitements of creative pursuit of science and attract talent to the study of science at an early stage. Aim of Inspire is to build the required critical human resource pool for strengthening and expanding the Science & Technology system and R&D base. The objective of INSPIRE Internship

is to motivate talented youth to take-up research as a personal undertaking by rubbing shoulders with global icons of science including Nobel Prize Winners. INSPIRE programme does not believe in conducting competitive exams for identification of talent at any level. It believes in and relies on the ability of the existing educational structure for identification of talent. This component of the program aims to work as a life-long catalysing experience for the 11th graders in science stream. The ultimate goal is to excite students about science, highlight the work by Indian scientists, and bring out career opportunities in India.

### ➤ **The Context**

Generation and nurturing of a human talent pool capable of utilizing and developing first principles in science is both a pre-condition and integral part of such an innovation infrastructure. An India specific model for attracting talent with an aptitude for research and innovation, for a career in basic & natural sciences is required. One of the DST initiatives for Early Attraction of Talent for Science (SEATS) is INSPIRE Internship in which annually about 50,000 students of top 1% performers in Class X board examinations and pursuing science at 10 + 2 level are given an exposure with leaders in science in the Summer/Winter camps to experience the joy of innovations. . Scientists, various Academy Fellows, Bhatnagar Awardees, academicians of national and international repute are invited as Mentors (suggested by INSPIRE-Academy Panel) for the Internship programme.

Mentors interact with the students through lectures related to scientific success stories and joys of innovation across all science streams which in turn nourish the curiosity of children in science; help them to think out of the box and attract them at an early age of 16-17 years to enroll/pursue their career in science.

### ➤ **The Practice**

The College organizes INSPIRE programme in co-ordination with departments of Botany, Chemistry, Physics and Zoology. The duration of the programme is five days. 200 top rankers (93% & above in 10th grade) studying in class XI in science stream are selected from different schools of Delhi and NCR. Students are accompanied with their teachers. The everyday schedule of the programme:

#### ➤ **Morning Session:** Lectures

Every day two lectures of 90 minutes duration (45 minutes lecture plus 45 minutes for questions and answers) so that clarity and precision could be achieved. Lectures focus on disciplinary content in physics, chemistry, biology ,geology (earth science) and mathematics emphasizing key concepts rather than information; and interdisciplinary in nature bringing out connections between at least two disciplines such as mathematics and physics, chemistry and biology, chemistry and earth sciences etc. During lectures resource persons share their personal achievements and success stories with the students.

- **Afternoon Session:** devoted to experiments. Participants are divided into 8 groups. Two hours **Hands-on Workshop Session** in Botany Lab, Chemistry Lab, Physics Lab and Zoology Lab with each group of 25 participants includes laboratory experiments.
- **Interactive Session:** for direct contact with scientists and group discussions.

The topics are not covered in an information delivery fashion, rather concept-based to bring out the inter-disciplinary connections and to excite the young minds about what remains unknown. The lectures always include what syllabi often do not do, such as emphasizing concepts, bringing out connections within and across disciplines, indicating current frontiers whereas practical sessions provide hands-on experiments. Resource persons share the challenges and excitement of practicing science, and present a wide variety of topics not limited to their own areas of interest. Some of the very interesting topics covered during the programme are: -

- **Genes , Genomics and Cancer**
- **Why Biology is so exciting**
- **Energy Harvesting**
- **Luminaries of Indian Science: Life and work of a chemist and Physicist**
- **Genome Biology - Providing Answers to Who We Are?**

Contemporary issues such as solar power, climate, environment, wildlife conservation, epidemic diseases, India's moon mission etc. are also discussed during interactive sessions. Students are introduced to unknown domains of science going beyond the known and factual knowledge. At the conclusion of the programme, a feedback is obtained from the participants to ascertain its effectiveness.

#### ➤ **Evidence of Success**

Evidence of Success can be determined from the feedback given by the participants. Students who participate in this programme are 11th class students, who are too young to attend such long sessions but behavioural change was seen among them. They were enthusiastic and inquisitive. Inspire -Internship inculcated a spirit of discipline and responsibility among students. Not a single student was late for any session. No one walked out in between even for water or some other excuse. Credit goes to the reputed and enthusiastic scientists who delivered inspiring and motivating talks and also interacted with all students during the free time.

#### ➤ **Problems Encountered and Resources Required**

Duration of the programme is only 5 days. All topics of science are too vast to be covered in two lectures per day. Students get less time for interactions with their mentors and Hands-on Laboratory Innovative Experiments. Students want to discuss career options in academia and industry and scope for entrepreneurship in basic science at length, their young minds want to explore more. Coordinator of the programme finds it difficult to adjust time for significant module of demonstrations, laboratory experiments, and visits to laboratories, museums and observatories.

## **2. Title of the Practice: Placement Cell**

Placement Cell of the College plays a key role in counselling and guiding its students for their Successful Career Placement which is a crucial interface between the stages of completion of academic program of the students and their entry into a professional career.

### **➤ Goal**

The Goal/Objective of Placement Cell is to provide career guidance and placement opportunities to all the students studying in Deshbandhu College. Placement Cell is committed to provide all possible assistance to its students in their efforts to find employment. Focus of the Placement Cell is to train the students on industry needs, to develop knowledge and skills of students and provide them best of opportunities available within the country and abroad.

### **➤ The Context**

The College started its placement cell in 2011. The placement cell of Deshbandhu College has always been a guiding factor for the students and has helped them to work on their skills, aptitudes, strengths and weakness. Placement cell has been doing considerable work for career guidance and recruitment of students thus helping them in shaping their future positively. The cell works as a platform for moulding the students according to the requirements of the corporate world. Campus placements provide easy access to job prospects, and the placement cell has given its impetus in fulfilling the dreams of the aspiring students.

### **➤ The Practice**

The placement cell is managed by a team of 16 members (students) under the guidance of one faculty member (Placement Cell In-Charge). Students in the team are selected from second year and final year. The cell provides job opportunities only to the final year students. Second year students are inducted in the team just to get exposure to the working of the cell. The cell maintains a complete database for the final year students. Placement cell in-charge invites various organizations for campus recruitment. The team of cell makes arrangements for pre-placement talks, interviews, written test and group discussions etc. as per the requirements of the visiting organizations. Some of the major activities of the cell to provide a platform for the budding students to interact with professionals from various industries:

- A Seminar by 'JAIPURIA INSTITUTE'
- A Quiz by IMT-Ghaziabad
- Workshop by French Embassy
- A Workshop on Android version (app making) Aapeneur.
- Placement cell team participated in an audience call programme (live) session at NDTV office.

Companies offering suitable jobs to the college students contact the placement cell and hold interviews to identify potential of the students. In the last four years various companies have visited the college campus. like; Alankit, Hotel Solutions India, GENPACT, IBM, Jaypee, Google, Wase Programme, Essar, Tata Consultancy Service(TCS), Global Optics and Career Net, South Indian Bank, Libsys Pvt. Ltd, Aircel, Oberoi Groups, Spiritual Genex, HDFC Life Insurance, IBM Daksh, Serco, Proriviti, University 18 etc.

➤ **Evidence of Success**

Success of the placement cell is apparent from the number of companies visiting the college in just a short span of three years and the number of students placed with these companies. The graph of the number of placements is growing up every year.

On 13<sup>th</sup> January 2015, **Libsys Pvt. Ltd.** selected 07 students for their sales, finance and technical wings.

On 17<sup>th</sup> January 2015, **Royal Bank of Scotland** selected 36 students for final round which took place in their office for Banking Operations job. 25 students cleared the final round.

On 20<sup>th</sup> January 2015, **TCS** gave call letters to 17 students.

On 23<sup>rd</sup> January 2015, **ICICI Prudential Life Insurance** selected 14 students for the job of Insurance Salesman.

The performance of placement cell is worth acknowledging. The vision of placement cell has always and will be enriching the lives and fulfilling the dreams of our students.

### ➤ **Problems Encountered and Resources Required**

The Placement Cell has to build a long-term mutually beneficial relationship between the college and Industry. Desirable regular attention of the team members and placement cell in-charge with the industry is a big constraint. Due to limited time for studies in semester system, members of the team find it difficult to interact with various companies. Though the number of students applying for campus placement is growing each year, but the inadequate infrastructure and space crunch for the invited companies to hold their interviews is a big problem encountered by the cell.

33. Teaching methods adopted to improve student learning-

- Innovative and advanced teaching methodologies and teaching aids including live plant specimens, preserved plant specimens, herbaria, latest literature, e-books, power point presentations, software programmes, demo-videos, short films and documentaries are used in both theory and practical classes.
- To improve the writing and creative skills of the students the department organizes on the spot essay competition and publishes the magazine "PETALS" annually under the aegis of the Botanical Society where students are encouraged and guided to write scientific and literary articles.
- Field trips/Botanical Excursions are arranged annually or half-yearly for students to give an insight into the world of plants in nature and for plant collection which help in understanding the plants and their environment in a better way apart from the basics of the subject.
- Organised a Botanical excursion to Sultanpur lake, Gurgaon, on January 29, 2010.
- Organised a Botanical excursion to Macleodganj, Himanchal Pradesh, in October 2012.
- Organised a Botanical excursion to Dalhousie, Himanchal Pradesh, in October 2013.
- Organised a Botanical excursion to Botanic Garden of Indian Republic (BGIR), Noida, on January 31, 2014.

- Organized a Botanical excursion to Pachmari, Madhya Pradesh, in October, 2014.
34. Participation in Institutional Social Responsibility (ISR) and Extension activities
- The department has an active Eco-club which has taken up many cleanliness drives in the areas adjacent to the college. Tree/seedling plantation activities also are conducted by the Eco-club from time to time. Our students are active members of NSS and NCC.
35. SWOC analysis of the department and Future plans

**Strength:**

- Botany department enjoys the distinction of having witnessed the presence of some doyens in the field of Botany who have been among the most venerated teachers in the University. Maintaining the same tradition, the present staff is an excellent blend of dedication, experience, energy and innovation. The faculty of the department makes an accomplished group actively involved in research, teaching, innovation and corporate life of the University. The biggest strength of the department is the rapport every staff member shares with each other. The spirit of the senior colleagues to pass on their expertise and equally eager to learn from juniors has helped in accomplishing the high standards of education adding to the strength of the department. Our faculty members are regular and active participants in various international and national conferences, symposia and workshops which also increase the vistas of knowledge of our students. The faculty of the department delivers lectures in international and national forum and also is involved in organizing various workshops and conferences in the college. Our faculty members are part of various national level organizations associated with research and teaching at various levels and have contributed significant research papers and attended various national and international conferences. The members of our department are active contributors to e-lessons as well as satellite education classes. Keeping abreast with the modern methodologies of teaching, our faculty put in their best efforts in teaching for which they are loved and respected by our students which is reflected in the good results of all the classes our department engages.

**Weakness:**

- Inadequate infrastructure which has not kept pace with the recent developments in research is a matter of concern for the department. The same remains the biggest challenge in terms of class room space and lab facilities for students and concomitantly for teachers to do justice to teaching and mentoring of students. Despite the scenario which indeed dampens the enthusiasm for research, our faculty members have remained innovative and creative and are engaged in active research.

**Opportunities:**

- The students of Botany have been a blend of bright, talented and creative lot all these years and have topped at the University level many times. The department organizes the cultural activities and botanical field trips under the aegis of the Botanical Society every year, which gives the students an opportunity to prove their skills in various extracurricular activities. With a degree of graduation in Botany, students are eligible to enroll themselves for masters in Botany and well as further higher education in other allied subjects viz., Genetics, Life Sciences, Plant Molecular Biology, Bioinformatics, Biochemistry, Biotechnology, Microbiology, Environmental Studies, Environmental Science, Marine biology, Agro-forestry, B.Ed. etc. The students find immense opportunities in the technical field in many institutions apart from getting specialist/expert posts with many industrial groups. Students oriented towards research can join good research teams to become scientists of future. Botany students have always proven as good teachers at school, college and University level. Our alumni decorate many organizations both at the national and international levels in various capacities.

**Challenges:**

- The department has prioritized the up gradation of infrastructure, especially the instrumentation facility of the labs, which will boost the research opportunities for both teachers and students. Our department has a number of ambitious plans to strengthen the existing scientific awareness of colleagues by organizing national level symposia on the modern frontiers of Botany, organizing workshops to strengthen the hands on knowledge of modern techniques in the field and by organizing invited lectures by distinguished scientists so as to inspire the students and teachers alike.

34. Participation in Institutional Social Responsibility (ISR) and Extension activities:

- Students of the Chemistry Department have participated in NSS & NCC activities.
- Students & faculty members have participated in '**Swachh Bharat Abhiyaan**'.
- Faculty members of Chemistry Department have actively participated in INSPIRE (a DST project) to encourage young minds with innovative Science projects.
- An educational trip was organized by the department to the scientific laboratory of international repute NPL on their open day to broaden their vision in the frontier areas of research.
- Students have worked in the different innovative projects funded by University of Delhi. During this training, they have visited Solar Energy Plant at Jodhpur & made a project on Non Conventional Energy Resources.
- Students have showcased their talent in their different innovative projects in "ANTARDHVANI"-(Annual & cultural academic fest) organized by Delhi University.
- Students & faculty members organized the Chemical Society fest "**Resonance**" in which various activities(Quiz competition, Rangoli, posters, useful things from waste materials) were organized at inter college level.

35. SWOC analysis of the department and Future plans :

**Strength:**

- Committed faculty which has excelled in research publications and teaching.
- Special Facility for advanced lab-based research work.
- Well-equipped and well maintained Laboratories.
- Co-operative Support Staff.

**Weakness:**

- Space limitation in class rooms & labs due to growing number of students.

**Opportunity:**

- Course offers immense opportunities for further studies in Biochemistry, Nanotechnology, Green Chemistry, Polymer Sciences, Agrochemical Sciences, Environmental Science & related field.

**Challenges:**

- With courses like Biotechnology, Computer Science, IT and Engineering the biggest challenge for a subject like Chemistry is to motivate the students for taking up higher studies & research.
- To improve the soft skills of students through several interactive sessions both in theory and practical.

35. SWOC analysis of the department and Future plans.

**Strength:**

- Highly qualified and dedicated faculty.
- Ideal student-teacher relation.
- Excellent quality of students.
- Dynamically structured curriculum.

**Weakness:**

- Inadequate Infrastructure.

**Opportunities:**

- Commerce Curriculum suits today's business environment both in content and in the form of practical training. It prepares the students to join the corporate world immediately after the completion of course and provides a strong foundation to those who wish to pursue higher studies and specialized professional courses such as Management, Chartered Accountancy, Company Secretary, Cost Accounting, Law etc.

**Challenges:**

- To make the department more innovative and technology friendly.

35. SWOC analysis of the department and Future plans :

**Strength:**

- Faculty Members proficient in ICT.
- One of the most sought after Course with lots of Career Opportunities.
- Energetic and Engrossed Students

**Weakness:**

- Shortage of Labs and Computer Systems. Students have to share computer systems for their practicals.

**Weakness & Opportunities:**

- To extend variation in teaching, we use animations to explain difficult theoretical subjects. It makes a lot easier to explain how a transistor works if an animation shows the inside of it. Then we could let the students work with problems using more advanced simulations on that subject.
- To prepare students before manual laboratory work, we can give them exercises using a “virtual laboratory” that we developed. This helps students both to know what to do and give them more understanding when entering the laboratory.
- By integrating computer-based work into the classroom, experience is that students are more satisfied, spend more time studying, and most importantly perform better. Having modern facilities such as up-to-date computers, good internet connections and computer support at the university is also important. It takes time to test and use interactive simulations in pedagogically effective ways.

35. SWOC analysis of the department and Future plans:

- The faculty of the department makes an accomplished group actively involved in research & teaching. The strength of the department is the rapport every teacher shares with each other. The spirit of the senior colleagues to pass on their expertise and equally eager to learn from juniors has helped in accomplishing the high standards of education adding to the strength of the department. The English Department offers an amalgamation of literary & cultural forms through the study of English texts from the British Isles along the works outside the canon such as African, Australian, American, Ancient Greek, Indian, etc. The course involves a thorough study of the forms of literature like drama, poetry, prose, short stories, etc. coupled with genres such as Autobiography, Travel- Writing, Essays, Science, Fiction, Films, etc. Studying literature involves the ability to place literary texts in their wider intellectual, psychological, social, cultural and historical contexts. The course allows the students to understand how literature converse with other art forms and areas of study within Social Sciences & Humanities. It also requires the students to develop the critical processes by which they analyse, judge and simultaneously learn about literary form and technique.
- Students have a range of careers including Advertising, Acting, Publishing, Teaching, Mass Communication Public Relations, Journalism, Literary Studies, etc.

- Students are encouraged to participate in programme like NCC, NSS activities organized by the college units and other seminars/workshops conducted by the college.

35. SWOC analysis of the department and Future plans

- हिन्दी विभाग, देशबन्धु कॉलेज को कई अखबारी सर्वेक्षणों में दिल्ली विश्वविद्यालय का सर्वश्रेष्ठ विभाग घोषित किया जा चुका है। ऐसा मुख्यतः इसके अध्यापकों की गुणवत्ता को ध्यान में रखकर किया गया है। हमारे विभाग में एक सक्षम और एकजुट अध्यापकों की टीम विभाग के विकास के लिए सतत प्रयत्नशील है। यह टीम विषय के प्रायः प्रत्येक शाखा के अध्यापन की योग्यता रखती है।
- कैंपस से दूर स्थित होने के कारण यहाँ प्रवेश लेनेवाले छात्रों की अकादमिक योग्यता कैंपस की तुलना में कम होती है। सम्प्रति आधारभूत संरचनाओं के यथा क्लासरूम आदि के अभाव तथा अन्यान्य कारणों से उन्हें अधिक विकल्पों के अवसरों से भी वंचित होना पड़ रहा है।
- अपेक्षाकृत कम योग्यता के छात्रों की योग्यता को विकसित कर उनसे अच्छा परिणाम निकलवाना हमारे लिए एक चुनौती है। भाषा और साहित्य के क्षेत्र में पनप रही नई रोजगार-सभावनाओं का संधान कर उन्हें उसके योग्य बनाना ऐसी ही चुनौती है। सौभाग्यवश इस क्षेत्र में रोजगार के नए अवसर खुल रहे हैं।
- भविष्य में हम विद्यार्थियों को हिन्दी भाषा के क्षेत्र में अत्याधुनिक संचार तकनीक के कौशल की दक्षता से लैस करना चाहते हैं। साथ ही विषय के नए-नए आयामों को अपनी पाठ्यचर्या में शामिल कर के विद्यार्थियों की रचनात्मक, विश्लेषणात्मक और आलोचनात्मक क्षमता को और विकसित करना चाहते हैं।

35. SWOC analysis of the department and Future plans

**Strength:**

- Extremely Dynamic Faculty which believes in nurturing the potential of the students for a great future.
- Student having closer interface with the Faculty members.

## **Weakness**

- Space limitation in Class Rooms due to growing number of students.

## **Opportunity & Challenges:**

- History encompasses a very dynamic range of study i.e. past, present and future. It analyses the present in the light of the past with a view to the future. Study of History provides an opportunity to know the complexity of the present with greater sensitivity. This, in turn, shapes the mind of the students for broader and better understanding of the world. History not only covers the biological evolution of mankind from about 5 million years ago till date, but also covers the cultural evolution in terms of evolution of architecture, painting, sculpture, music, dance, drama, human relations within community and outside. Besides this it covers inter alia state formations, nation building, colonial struggles, freedom movements, world wars, globalization, etc.
- Students get the opportunity to have a career in various fields viz, Teaching, Publishing, Administrative Services, Archaeology, Mass Media, and Travel & Tourism along with Journalism.

  - Students & faculty members participated in ‘Swachh Bharat Abhiyaan’ held on 2<sup>nd</sup>

October, 2014.

- Students attend awareness programmes such as blood donation camps and donate blood enthusiastically. Joining NCC and NSS as volunteers, students take part in all programmes which are directly attached to ISR and Extension activities.

35. SWOC analysis of the department and Future plans:

**Strength:**

The Department of Mathematics has seen remarkable growth over the years. Today it is one of the most distinguished graduate and postgraduate co-educational departments in the University of Delhi. It boasts of an accomplished faculty of about twenty members in which more than seventy five percent are under the age of forty and more than five hundred honours students. The department provides a liberal, lively and competitive environment enabling students to carve out a niche for themselves in their chosen arenas. Our leadership in teaching, research and public service makes its excellency in higher education. Our students, faculty come together in a true community of scholars to advance knowledge, address social challenges and pursue intellectual and personal fulfillment. We also come together with our students in a domain of mathematical society of the department that organize festival to interact with other students of the University of Delhi in different mode of events.

**Weakness:**

With all efforts to achieve the Excellency in higher education, we have to face some problems on the level of common infrastructural facilities.

**Opportunity:**

The strength of the department lies in its congenial and enriching atmosphere, which plays a crucial role in maintaining the excellent record of the department of the college. Department is fortunate to have more young faculty members. Young faculty members of the department have great opportunity to be inspired by their senior colleagues to be able to extend the journey of the department on the path of greatness and contribute to the legacy of our glorious institution in the country. Students move on to pursue M.C.A., M.B.A., M.Sc. & Ph.D. programmes in various prestigious universities & overseas.

**Challenges:**

We represent the diligent faculty of the department of mathematics of our college, whose sincerity and spirit make it what it is. It is our constant endeavor to proliferate an environment of mutual respect within the department, in pursuit of a shared ambition of the department for excellency in higher education.

The department is committed to provide the leadership and direction for the times ahead in every sphere of human enterprise and endeavor. Generations of students who are growing in this department in different ways of life, the department is committed to provide them a solid foundation on which they may craft their success not only for themselves but also to support for

making the nation. We are also bound by the fabric of the Music of Truth that unites us and constantly replenishes our Passion for learning for the time ahead.

**Future Plans:**

Department of mathematics organize National/ International Workshop/Training programme etc. for advancement in leadership in teaching and research for faculty members and students. The department has a plan to organize International Workshop in the month of October 2015. Objective of Workshop /Training Programme is to train our mathematicians to boost the general awareness on popular aspects of mathematics and to expose young scientists (young faculties, research scholars and Students (M.A/M.Sc/M.Tech etc) to enthuse and conduct activities for popularization of their field of interest.

35. SWOC analysis of the department and Future plans:

**Strength:**

This department with B.A. Programme & concurrent course could manage to invite many Scholars of National and International repute to its credit. Constant effort of its faculty members made this subject popular amongst various other disciplines despite the fact of not being a school subject primarily.

**Weakness :**

Department does not have Honours course.

**Opportunity:**

Philosophy is one such rare subject which can have a major role on the personality development of every student of any stream.

**Challenges:**

Only two faculty members of a small non Honours Department normally handle with care a large number of students with excellent result. Simultaneously it organizes conferences time to time with regular basis that provides exposures & knowledge to the students as well as credit to the college.

35. SWOC analysis of the department and Future plans :

**Strength:**

- Competent & dedicated faculty always interacting through discussions and laboratory sessions to set up a student friendly academic environment.
- Faculty members with varied specialization actively engaged in research.
- Well-equipped and well maintained Laboratories.
- Co-operative Support Staff.

**Weakness:**

- Space limitation in Class Rooms & Labs due to growing number of students.

**Opportunity:**

- Ample scope for research projects for teachers as well as students.

**Challenges:**

- With courses like Biotechnology, Computer Science, IT and Engineering the biggest challenge for a subject like physics is to motivate students for taking up higher studies & research.
- To improve the soft skills of students through several interactive sessions both in theory and practical.

**Future Plans:**

- Department is planning to take a major project which will engage the faculty as well as students in research and also to develop a research Centre for the department.

## 2013

- Dalit Issue by Professor Tulsi Ram, Professor, SIS, Jawaharlal Nehru University

## 2014

- Between Democracy and Populism: Some Conceptual issues by Aditya Nigam, Fellow, Centre for the Study of Developing Societies

### 33. Teaching methods adopted to improve student learning:

- Students have been participating in Election Surveys conducted by Lokniti: A Comparative Study of Democracy Programme of the Centre for Study of Developing Societies, with Dr. *Biswajit Mohanty* as the state coordinator of Delhi. This gives students ample opportunities to relate theory in the class to practice for understanding Indian Politics.
- Study tours are conducted by the department to various places related to the papers taught. So far, two study tours have been conducted outside Delhi: first, to Udaipur and the second, to Jaisalmar. Project reports are prepared on the basis of the tour and evaluated for grading.

### 34. Participation in Institutional Social Responsibility (ISR) and Extension activities

- Students participate in Debates, Dramas etc. organised by the College and different societies.

### 35. SWOC analysis of the department and Future plans:

#### **Strength:**

- The department with its best teaching and research oriented faculty has been instrumental in producing graduates with academic excellence that is reflected in the rate of passing and percentage of marks they obtain. The teaching faculty believes in associational, interactive and field survey method. Apart from teaching, the faculty members are also enthusiastically carrying out research which is reflected in publication of well acclaimed books and articles in peer reviewed journals. They also guide research students in the political science department at University which helps them to further their research interests. They also take up research projects as well.

#### **Weakness:**

Weakness lies in not collectively producing work that would enable the department to be propelled as a single vibrant unit.

**Opportunities:**

The opportunity for the department is that it has the potential to pursue more interdisciplinary research collectively.

**Challenge :**

Challenge is to cope with the enhancing student's capability in the department and pursuing research work.

35. SWOC analysis of the department and Future plans

**Strength:**

- **Highly Qualified faculty**
- **Ideal student-teacher relation.**
- **Co-ordination of teacher among themselves.**

**Weaknesses:**

- Inadequate Infrastructure.

**Opportunities & Challenges:**

- Sanskrit language being the most ancient language plays a vital role in the history of Philosophy in the world & is honored everywhere in India. Many foreign scholars like Max Muller etc. were impressed by this language. It helps to build National integration. Ethics of the students grow through Sanskrit study. Sanskrit literature is called the store house of Indian Heritage. It provides an opportunity to the teachers of the department to enable the students to appreciate different forms & genre of literature & to become aware of the rich intellectual tradition of India.
- It is a challenging task for the Sanskrit teachers to develop the Sanskrit learning among the students & improve the language skills of the learners in order to equip them with better communicative, creative, analytical & critical abilities, so that they can build their ethical character and preserve the importance & existence of the Sanskrit.

#### **Strengths**

- Well trained faculty to teach all discipline of Zoology with willingness to adopt new ideas.
- Faculty with international exposure and research training
- University approved research laboratories for Ph.D. Programme of Delhi University
- State of art lecturer theatres and laboratories with adequate infrastructure and paraphernalia to conduct the practical.
- Good Student- teacher interaction for their academic and personal growth and development.

#### **Weakness**

- Inadequate funds for maintenance of equipment in the laboratory
- Constraint of space

#### **Opportunities and Challenges**

- Students are exposed to research in innovation projects and at other research laboratories in India
- Department organizes **Symposiums/ Seminars and Workshops** for the benefit of the student
- Department encourages students to participate in **extra- curricular activities** at College and University level.

## Department of Physical Education & Sports Sciences

Physical Education is considered an integral part of general education and leads to holistic development of personality through Cognitive, Affective and Effective learning. It is an art and science of promoting health by the deliberate effort of willful adoption of physical activities and sports.

Apart from the opportunities provided to students to represent college in various sports, the college also provides Physical Education as a subject "Fitness, Aerobics and Gym operation" in B.A.(Programme) as an application course.

This subject imparts the in-depth knowledge of fundamental and practice guidelines of health and fitness enabling the students to start their career in physical education and fitness industry, which is, now a day, one of the most growing industries across the world.

In today's high tech society, the success of Physical Education lies in the physical growth and development of students in fighting against the sedentary life style. It is through this approach, the students acquire the knowledge, skills, right attitude and values towards the pursuit of a physically active and healthy life style. It also provides an avenue for students to express themselves through movement and physical activity.
